Tribute from Kristina Miloje

Relation: I was his student

Amrik Prihar was one of my favourite teachers. He taught his students how to understand English literature even if it wasn't one of their favourite subjects. He did this by relating to his students and making connections between his students and the stories. He took the time to get know his students as people and genuinely cared about their success and happiness. Me and my fellow students were truly blessed to have known such a great educator and friend. He was and will always be an inspirational person and I am glad to have known him. My deepest condolences to his family.

Tribute from Amanda Comeau

Relation: He was my highschool teacher

Words cannot express how grateful I am to have had him in my life for even a very short amount of time. He was a truly remarkable man who touched so many lives. I have many cherished memories of him as my teacher in Tahsis. Some of the lessons he taught were academic, some were not and I honestly can't remember all of them. However, even for the 4 short years that I had the pleasure of knowing him I can't help but think that he had a very big role in helping me become the person I am today. His memory will live on in each of us. Many condolences and prayers to the Prihar family.

Condolences to the Prihar family during this difficult time. I worked with Amrik or "Prince Prihar" as he use to refer himself at Captain Meares. We shared many stories in the hallways, staffroom and the weight room for these memories I am thankful. He will always be remembered in Tahsis for his love of education.
