Relation: A wonderful friend for many years we were related by dog

You were such a good friend and always gave honest advice. I will treasure the memories we made at dog shows and around the table. I will never forget the support you gave when my Brad was ill and leaving us. Your passing has left a hole in my little world and I will never forget you my friend. There are so many giant wagging tails of so many Newfoundland Dogs around you now, scruff them for me, until we meet again. Love Kathy

For well over 40 years, I had the honour and privilege to have known Barry. He always shot straight from the hip, telling it as it was. Loved his family, wife and animals, ferociously loyal and an all round wonderful man. He will be sadly missed by all that knew him. We send our deepest condolences to Linda and all his family at this sad time, knowing he is at peace. Love Annette and David x

Linda we are so sorry to hear of Barry's passing. He was such a dear soul. You and Barry were one of the first people to welcome me at the dog shows and have stayed friends for the past 30 years. I will miss his voice at club meetings and his smile in person. Cherish the memories, know he is watching over you and I hope you can feel our group hug tightly around you. We will miss you Barry

Relation: Great friend and Newfoundland dog fancier

Always with a smile and a quip, Barry warmed the hearts of all who knew him. His love for his family, kindness towards his friends, and his great love for Newfoundland dogs was his Hallmark in life.

Always willing to share a story and a glass of wine with his legendary hug Barry made me smile every time we got together.

Our heartfelt condolences go out to our wonderful friend Linda and all her family.

He was well loved

I have rewritten this so many times. There will be so much to miss about Barry, he was such a good friend and a great Newfoundland dog lover. Through thick and thin Barry and Linda made a beautiful family together and opened their doors to everyone to share their home and to every animal needing help. We will miss you so much and know you were taken far too soon. Our love and hugs go out to Linda, Kris, Sam and Ross and family. Barry was one of a kind and a man to be proud of. Your family created so many stories and memories to look back on and it was evident he is so proud of all of you! We send our biggest hugs to you all.

Linda, I'm so sorry to hear about Barry. I've been thinking of you both and it seems Barry's cancer was resolved only to have this happen. Life can be so cruel. Love and thoughts

Relation: Son

Hi Dad. I still can't believe you're gone. I miss you everyday. I miss your hugs. I miss your advice and opinions. I miss your voice so much. I could be having such a bad day, but hearing your voice was like a tonic for the soul.

You and mom were the best parents in the world. You let us experience so much and I have so many memories of what we did as a family.

We are such a close family and you were our Rock. Our anchor.

You raised three wonderful kids and I hope what I learned I can pass down and do the same for my little guy, Chase.

You are such a strong man. I remember when visiting you guys, just before leaving I'd hug you and I remember how secure and comforting your hugs were.

You and mom both taught us it's okay to show emotion. As I write this I am crying. And that's ok.

I miss you dad. Chase misses his grandpa.

Sam, Kris and myself will look after mom. No need to worry.

I won't say goodbye as that is final.

Until we meet again. I love you dad.

Ross

I'm so sorry to hear of Barry's passing. I have such fond memories of kids, dogs, animals galore, cherries and walnuts, loads of good food but most of all laughter. The little saplings Barry gave us are all tall trees now. Ray and I enjoyed it all, and now they are both gone. Miss you all.
