My sincere condolences to your loved ones Barry, especially Betty. It hurts me to know that you have left, but only to a better place. I am saddened that I did not make it out to see you, life and the continuous dealing of my disability is always in my way. I am truly very sorry, I did not realize that the time was precious. You will always be remembered in my regret. I am so sorry. Raj

### **Tribute from Mitch Guindon**

Relation: High school friends/worked together

I have many fond memories of working with Barry and during high school spent quite a lot of time at the Stocco household where I was treated like one of the family. Barry was an extremely generous man and would have given you the shirt off of his back if you needed it. We spent many nights driving countless kilometres in the C and B music van with all of our friends piled in there and mostly didn't even get into any trouble. Even in the last few years I could always count on Barry to entertain me with a few jokes, and he was always good to let me know about the latest gossip, or to ask if I had any for him. I'll miss you my friend, you were one of a kind.
