

REMEMBERING
Carol-Ann May Demers
February 16, 1962 - October 3, 2024

Carol passed away peacefully at Cowichan Hospice House on Oct. 3, after a tough battle with cancer. Carol was a very strong and vibrant person; a fighter until the very end. Carol is survived by her parents, Ron and Marilyn Demers; daughters, Danielle (Joel) Duifhuis and Vanessa (Jeff) Caddell; son, Alex Martel; grandchildren, Amaya, Isaiah, Nehemiah, Cora and Declan and many friends. Carol is predeceased by her brother, Daniel Demers.

Carol was born and raised in Victoria, BC. Later, she moved to Shawnigan Lake and raised three children. Carol enjoyed working and keeping busy. She spent many years as a Medical Office Assistant and Pharmacy Assistant. Our mom moved to Pender Island in 2010, where she resided for 10 years. We were very grateful that she decided to move back to the Cowichan Valley, as she was able to spend more time with her grandchildren. As her health declined, she was no longer able to work and needed to find new hobbies to keep her busy. She enjoyed park play dates with her grandchildren, thrift store shopping with friends, gardening and knitting. Mom was always looking for a great bargain or a new project to DIY.

We are devastated to lose our mom at such a young age, but we are grateful for the tremendous, loving care she received at Cowichan Hospice House. Mom persevered through her health issues with great strength and dignity. Her determination and hope were an inspiration to those around her. Mom, you will always be remembered by your sense of style. You always wanted to look your best. Your outfits and accessories were carefully chosen, even if it was to simply run errands.

Mom, you will be missed forever. You are strong, you are beautiful, you are loved!

In lieu of flowers, please consider a donation to BC Cancer Society or Cowichan

Hospice Hospital. Thank you!
