To the Morson and Waldner Families,

I am so sorry to hear of Dalyces passing. Over the last few years we hadn't had a lot of contact, but I always looked forward to her Christmas cards she sent, updating me on all her family. In last years card she had said she was feeling good and enjoying life to the fullest, so I was surprised to hear the news.

I went to high school with her, but we didn't start hanging out until after graduation.

We had some good times together.

I remember a toga party she had at her parents place (which I'm sure they didn't know about) and a pyjama party at her townhouse she had rented with some girlfriends. We did a roadtrip together to see the Moody Blues, lots of laughs on that one. She got me a job at Marigold Nursery and then again at Borden Mercantile. After she moved up island we didn't see each other very often, but we did

visit and see a couple of the homes her and Guy had built. I wish I had visited her at her farm. I think of her often when visiting the past and will never forget her and the fun we had together. Thinking of you all at this very sad time,  
Connie (Deeprise) Moniz

Relation: Through our children

We were so sorry to hear of Dalyce's passing.

Dalyce was truly a fine person. Our three boys were fortunate to be able to play in the SCYSA for many years. Dalyce was a key figure in organizing and leading the league and making it all happen for the entire community. We cannot thank her enough for all of her efforts.

Over the years, I would often run into Dalyce. I always enjoyed our conversations with our last one being very heartfelt. I admired her honesty and strength.

Our thoughts are with you all.

Guy, Travis, Aaron, Heather, Shane and Linda I am so sorry to hear of Dalyce's death. So much fun we had at baseball, trying to keep all those parents in line! I thoroughly enjoyed her company and valued her assistance. As is often the case we did not keep in touch enough - but every now and then we would have a visit and catch up on things. So sad, too young. Always in my memories.

Relation: Former Co-worker

We at Borden Mercantile we deeply saddened to hear of Dalyce's passing. We remember Dalyce fondly as a hardworking and positive member of our team. On a personal note, I remember her kindness when I became a new mom several months after she did and she brought me a basket of baby essentials she knew I would need. After she left us to raise her kids it was great the way she always kept in touch, updating us on all the family happenings. To the Waldner and Morson families, please know that you are in our thoughts at this difficult time.
