

REMEMBERING
Donald Alfred Horner (Don)
September 27, 1949 - June 24, 2019

With a heavy heart I say goodbye to my best friend and partner for the past 33 years. Don fought a courageous battle with multiple myeloma and the resulting kidney failure. He had awesome medical support with Dr. Glaude, Dr. Pekarachuk and Dr. Weir, the chemotherapy unit at CDH and the wonderful staff at the Duncan dialysis unit.

Rest in peace, love you forever. Cindy

By request, no service.
