Relation: Family friend

Eric was my doctor when he first came to Lake Cowichan and I will never forget the care he gave me by coming to our home, which a lot of doctors didn't do at the time. He was a great doctor and a wonderful man. He will be missed.

Farewell, Eric, and thank you from my heart for your good counsel and generous spirit. I offer my condolences to your family, friends, and fellow humans.
Eric had such humility and genuine caring for those he served in medicine, in acting, and in life. I am sad he has passed but my being is warmed by the memories I will always have.

Tribute from Destiny Walsh

Relation: Patient

It was with heartfelt sadness to hear of Dr. Olson's passing. I live in Ontario now, but will always remember him as the Dr. who gave the best advice anyone could have to a 17 year old and I have passed that advice onto my children and others. He was my family Dr. when I was a teenager and a Dr. to my children when they were young. When my twins were 3 months old and sick, he came straight to my house, called the Duncan hospital to let them know I would be on my way and then he showed up moments after we did. He comforted me while I worried about my babies. Who does that? Dr. Olson did! What a great man and Dr. to the community! Thank you for all you did for your patients going above and beyond!

Eric was a very good friend to me when I lived in Lake Cowichan.I had the pleasure of being in a play with him in the late 90s.He made me laugh and taught me a lot.I am sorry I did not know he had left us,or I would have loved to have come and show my respect at his celebration of life. His children were young when I met them,strong and smart and lovely already.My condolences to all who loved him,friend and family alike.He was one of a kind. Namaste
