Tribute from Joanne Earnshaw

Relation: Evelyn was my great aunt x

I have been privileged in my lifetime to have Ev and Viv involved in it! To have them both there to share in my children's christenings was a blessing. Everyone who met Ev just fell in love with her, not only because she was little and cute but she was infectious:-) her voice, her laugh, her hugs, Ev was Ev and there'll never be anyone like her! Going out for a meal once, she challenged my husband that he couldn't eat the famous dinner deal they served, it was a ridiculous amount of meat, veg, chips etc and Ev bet him that if he finished it she would pay for it! Viv and I had to pick her up off the floor she was astounded that he'd done it!! Ha ha find memories I will remember each one and watch you fondly on our home videos Evelyn xx you were always there when I needed you, I will love you forever and always xxxx shine bright my angel and take care lots of love from Jo, Andy, max and Mia xxxx

Tribute from Lisa Pearson

Relation: Ev was my great aunt x

Ev, you've had a huge influence on my life. I will forever be grateful to have been related to you, loved by you, to have known you and love you and to have spent some wonderful times with you. I will ensure your memory lives on in my stepchildren who adore you and 'nanny Betty'. You have been responsible for me, my sisters, niece, nephew and stepchildren trying veg because "they're not British *carrots/broccoli etc*, they're Canadian *as before*", Auntie Ev sent them especially for you, they're much nicer in Canada!" will never forget you. Lisa, Mark, Jake and Lauren xxx

Tribute from Penny Greenfield

Relation: a very good friend

Viv, I am so sorry. I just received word. Dear Ev a truly wonderful friend with always her ready laugh with her Brit sense of humour. The twinkle in her eye she always had and concern for everyone but herself. I remember the birthday celebration in Parksville, what a wonderful time we all had. I am truly grateful for having Ev as a friend.

Penny (now living in Penticton)
