Tribute from Melissa Hall

Relation: sister-in-law

He was always one to do things in his own way, even to the end, and I have no doubt it'll be the same - whichever road he chooses to travel lol. He will be greatly missed.

Tribute from Zane Rogers

Relation: Family friend

Harry and my father were very close friends, I remember when I was just a young boy being in awe of Harry's cab over and his style, he always treated me so kind and was always laughing and joking around. As time went on we lost contact for probably 30yrs and then reconnected over the past year or so. I always thought of Harry and his trucks through the years and was so proud to let him know I am also a driver now, we shared some beers here and there making memories of the little time that was left, I am truly grateful for that time I will miss him. everytime I climb in that rig I'm climbing into his cab over while still hearing him say "grab that rag so you don't leave hands prints on the chrome handle"

See you in the stars when I'm miled out my friend
