

REMEMBERING
John Paul Schwartz

April 2, 1965 - November 15, 2020

It is with deep sorrow that we announce the sudden passing of John Schwartz on November 15, 2020.

Although John's family and friends are struggling to come to terms with our loss, we take comfort in knowing that John is watching and guiding those he loved from above. Until we can be together again we know that John will be kept busy attempting to have some input with the weather.

We will forever remember John with each new snow fall, each wave that hits the oceans shore and most of all we will miss his quiet strength.
