**Tribute from Michael Mills**

Relation: A mentor and friend

I have been living in Costa Rica since 1999 and much of the reason is after spending so much time with Joe weekly as a young 25 year old printing salesman that he granted me time to talk with him at Doman Industries. His advice re directed my life which I always loved and respected him for. Many years later I am saying RIP my good friend and will see you in the after life.
