Tribute from Jennifer Barrette

Relation: Long time friend

My boys and I got to know Karen on our little dead end street. Our friendship never waned over the years. We were always close even though I moved away. This now is a void in my life.. she will be sadly missed but never forgotten. May god bless you my dear

Tribute from Pauline Jackson

Relation: Yes as a acquaintance long ago. She shares my birthday. and was a neighbour of ours long ago.

Karen I had not seen you in a long time. Now I know that that cancer ripped you away from all that you loved here on earth. We shared a birthday too. even though you were four yrs younger than myself. I hope that you are at peace now. Pauline and Gary Jackson.

Tribute from Ray Gonske

Relation: Brother

As her older brother, I am one of only a few who can say they had the privilege of knowing Karen for all of her 65 years. Because she was my closest sibling we shared many of the same life experiences, and as a result we developed a special bond throughout life. Though long distance physically separated us for most of our adult lives, our spirits were always close. She will forever hold a special place in my heart. My dear little sister, I will always miss your smile, your giggle, and your happy disposition. I love you and look forward to meeting you again.

Tribute from Della Gonske

Relation: Cousin

One of the brightest sparks of pure joy I ever came across in my life. How blessed I was to have grown up with her as my cousin. Though life circumstances and distance had separated us, the few occasions as adults where we did see each other, it was just like ol' times. Karen your laughter and ability to find a funny side to most anything - such a special gift. At anytime I think of you Karen, my mind immediately sees your HUGE smile, hear your infectious laughter....and on my own face I'll be smiling too!!! Such a gem of God you were here on this earth. Those close to you Karen will experience a very big adjustment without your laughter and love about, but oh how love so generously lives on in our hearts. They will be fine. Karen, thank you for the role you played in my life and

impression of joy you left on it. Blessings in abundance. Heaven has really welcomed home a gem!!

Tribute from Jodie Morgan

Relation: Mike & my parents

Mike & family, I am very sorry for your loss. Karen was such a kind-hearted, free-spirited person & will be greatly missed by all who knew & loved her. Her smile was inviting & her laugh was infectious, I chuckle thinking about it as I write this to you all. She will live on in all of our hearts & memories. xo
