Tribute from Elizabeth Forbes

Relation: he was my doctor

I am sorry for your loss. I knew Dr Ringham as his patient...he was a lovely man and a good doctor..He listened well and his personality and doctor style suited me perfectly. On my last dr visit to him..I had gone in to ask him if he would recommend a stress leave for me from work. Before i could

ask, he told me he was leaving his practice...He looked stressed. I was very upset that he was leaving ..he talked about sailing.and the things he was going to do. I am so glad he had many years after that enjoying the sea and his family....I never mentioned my stress. However shortly after i was able to leave my job under positive circumstances and i thank Dr Ringham for that...giving me courage to change my life. I never had a chance to tell him that he made a difference for me. It took me years to find a doctor who i liked as well as Dr Ringham. My deepest condolences.
