Mandi Mee -Soon Schubert

June 15, 1974 to January 11, 2019

We lost an amazing mother, a caring, loving and devoted wife who loved and will always be loved.

Mandi may be gone in the physical sense, but her spirit will live on in all of us that loved her and cared for her in every way. She lived life, with strength and purpose the disease that took her away from us was never the priority. Her priority was living life, loving her family enjoying time with her friends and doing the work she loved so much. We love you sweetie, rest now you deserve to, this disease can no longer harm you. We celebrate your life this June 15th with family and friends to remember the special you. " You Are My Hero Mandi , Love You Forever.
