

REMEMBERING
Michael Cane

May 2, 1940 - January 11, 2022

Lifetime learner and educator, Michael Cane's keen wit and sense of humour will be remembered long after his passing. Michael passed away on January 11th in his home in Duncan, B.C. with his wife, Elsa at his side. Michael had an incredible passion for learning and educating that continued into his final days. His interests were seemingly boundless but focused on science, all things mechanized and British. His particular interests in sports cars, motorcycles and aircraft have been well inherited by both his children and grandchildren. He is survived by his wife Elsa, his children Jacqueline and Myles, his grandchildren Madeline, Finnson, Allison, Calvin, Zoey and hundreds of now adult students that were inspired and infected with his passions in the classroom. NOLI CEDERE COGNOSCERE - NEVER STOP LEARNING
