

REMEMBERING Robert Hendrickson

August 12, 1946 - February 14, 2009

Tribute from Alastair Haythornthwaite

Relation: Co-worker and with Machinists Union

I worked with Bob at Pro Mac Manufacturing for many years. He was an excellent machinist and appreciated by his employer for his skill and good humour.

Like his father, Bob was a solid trade unionist. Bob was a long time member of the International Association of Machinists and Aerospace Workers Local Lodges 692 and 456.

Bob loved to talk and I have many fond memories of conversations we had over the years.

Words cannot express the gap his passing leaves on Vancouver Island. I want to express my condolences to Katherine and other members of his family for their loss.
