

REMEMBERING
Ryan Alan Paterson

October 10, 1986 - December 19, 2018

Ryan had such a big heart, he loved life. Everyone that Ryan touched was a better person for knowing him. In the end sadly it was his heart that ended his life. He was working on the West Coast of the Island doing what he loved the most. Being a big kid, playing with big toys, and building things. Ryan will be forever missed by his sister Ashley (Mike) and his Mom and Dad, Shari and Lee, and his countless friends, team mates, and co-workers. He loved to explore and was the ultimate adventurer. There was never a dull moment in Ryan's life. "Ryan you are our best buddy ever, we miss you." There are not enough words to express our grief over losing you.

A celebration of Ryan's life will be held at the Cowichan Exhibition, Saturday December 29th at 2 pm.
