Tribute from Sherry Deptuch

Relation: Neighbour and garden club friend

I was saddened to hear that Sally had died and send my condolences to her family. I will remember Sally as a woman who was passionate about her formal gardens and fierce about keeping all the beauty and diversity intact in her native acreage. I always enjoyed walking with her through the erythroniums and trilliums to look at the waterfall. I knew Sally as a valued historian of the Cowichan Valley and the local garden club. She was kind and generous; sharing her plants and knowledge to others. She will be missed.

Tribute from Chris and Dave Thompson

Relation: Next door neighbour

We are sorry to hear of Sally's passing. It has been such a treat to watch her garden grow over the years.

She and Homer were kind enough to allow us and our teens and our dog access to the trails, creek and waterfall.

Our condolences to the family

Tribute from Lelean MacFarlane

Relation: Neighbour

As I look up the hill, I see her vibrant red roses. It is a beautiful reminder of her every day. She was smart and talented and she never hesitated to give you her opinion. She taught me a lot about life and history. It was a privilege to be her neighbour.
