Tribute from MRS. &MR. G. F. MacGregor

Relation: she was my husband's dentist

Sandra, you were a great person and dentist and we are sorry you had to pass so early in your life.

Tribute from Gloria McEachern

Relation: Patient since 1987 on Salt Spring Island and then continuing in Duncan

I am very saddened by the passing of Sandy and offer my deepest condolences to her family and friends. I first met Sandy in 1987 on Salt Spring Island when I became one of her many grateful patients. She was also my son David's dentist and I was amazed as to how he entrusted her to work on his teeth. David has special needs and was very scared to have his teeth looked at. She was so wonderful with him, patient and compassionate to the utmost. Now almost 32 years later he will allow his dental work to proceed as anyone else. For that I am most grateful for Sandy and her steadfast, patient and cajoling manner with him. May she find peace now and I wish the same for her family. With love, Gloria and David

Relation: Close Friend

Sandy was in my life since I was a child. She was always friendly and loved sharing her vast array of knowledge. Over the past 5 years my family became very close to her spending Birthday's and Christmas' together where we were lucky to learn even more about the woman she was. She shared my love of Star Trek, Harry Potter and Disney Parks. She was enthusiastic and passionate about anything she took an interest to. I loved listening to how she figured out her quilts- her attention to detail and patients was above and beyond. Her latest interest was paper pop ups- which at first glance sounds simple- but she spent at least an hour explaining the basic intricacies of it and produced amazing art with that knowledge. She loved baking with my kids, lego and building new structures and weapons out of paper and cardboard with them. Losing her has left a huge hole in our lives. We loved her dearly and will miss her always.

Relation: Friend/Family

I have so many fond memories with Sandy. From exploring her house, learning about all of her art and hobbies, to the fun she brought to our family gatherings.

As a child I remember going over and learning to paint Ukrainian eggs with her and her helping my mother sew my sisters ballet costume.

My son loved playing with his grandma; building blocks, playing cars and making music. She was always patient and loving with him even when he decided to destroy the towers they built or interrupt her piano playing.

She will live on through memories we have from our many holidays spent together. Her whimsical way of play that brought a lot of laughter and curiosity from our children and her thoughtfulness that showed us such care.

Sandy/Grandma -

Those special memories of you will always bring back a smile.

If only I could have you back for just a little while.

Then we could sit and talk again, just like we used to do.

You always meant so very much and always will too.

The fact that you're no longer here will always cause me pain.

But you're forever in my heart until we meet again.

Tribute from Margaret Tames

Relation: Patient

Sandra was our family dentist for all the time she practiced in Duncan. Over the years we grew to love her. Her larger than life personality truly made "going to the dentist" a fun activity. We are deeply saddened by the news of her death and send condolences to all who knew and loved her.

Relation: in a work capacity and later through family.

I had the pleasure of working with Sandy through my public health work. My grandson is the recipient of one of her amazing quilts. Please accept my sincere condolences to all her family and friends. She will be missed!

Tribute from Margaret St Cyr

Relation: Musical colleague and friend.

My sincere condolences to all Sandy's family. Yesterday was the first orchestra rehearsal of the year. I have been in the orchestra since its beginning some 27 years ago. I sat beside Sandy. I was always amazed at all the quilting, sewing and knitting projects that she worked on during the rests in the music! I have purchased two quilts and my husband commissioned Sandy to make a huge wall

hanging as a gift for my 60th birthday. It hangs in the entrance to our home and one music quilt hangs in my music room. Both are works of art, admired by all who visit and are some of my most cherished belongings. The other quilt was for our son's bed when he was young. I will save it for grandchildren that I hope I will have one day. Sandy was such a caring, talented and gifted person. She put in countless hours organizing the stage setup for orchestra and band. Many of these things were done without recognition. You could always count on her. I miss and will continue to miss Sandy. My sincere condolences.
