Relation: A Friend

I am shocked and very saddened to read of your beloved Star's passing in the Lethbridge Herald. She was such a sweet and care person she will be truly missed. I grew up with Star when she lived on 9 Ave. So. between 12th St. "A" and 13th Street in Lethbridge Many hours spend with her over those precious years. We had lost touch over the years. I had phoned her when we passed through the Duncan area in Oct. of 1982, Had a very nice visit over the phone as she was heading off to work. Often wonder how her and her family were doing. I did see Trudy or Wendy Jordan over the years and would ask about her. I saw her off & on over the years from her marriage to Tony and when she had her three girls. She live up the street from us years later on 12th Street "A". She would walk passed our house on her way to work at the hospital and we would see and talk to her then. I also babysat for her on numerous occasions when the girls were very little and when they also lived on 10th Ave. S. After her move to B. C. we did not stay in touch which is a real regret. She was a one in a million and I have always treasured her friendship. One may not see a person for many years but the memories and the person as special as Star has never been forgotten. Memories have flooded back since yesterday when we learned of your loss. I still think of the times Star & Monty would slice potatoes thin and fry them how delicious they were and I still do this once in awhile and remember the fun and laughter we shared. Oh and Monty and his ice cream cones, oh how she would fuss but eat them with the rest of us and her laughter was so sweet, Her beautiful smile was always so close or

there. With our Deepest Sympathy thoughts and Prayers being sent your way. Heaven now has a beautiful Angel. Sincerely Brenda (nee Quelch) Schuler (Dick)

Relation: friend

Dear Conway, Monty, Tracey, Jody, Tanya families and friends.

When Star moved from Milk River to Lethbridge our homes were across the alley from each other. This proximity initiated a life long friendship as we attended school together and shared our deepest secrets with each other. Our paths crossed again as Star and Conway encouraged us to spend our winters in Viewpoint Park in Mesa, Arizona. Star always worked hard and yet laughed so easily Star was the perfect name as it captured her sparkling eyes and her positive attitude. She will be missed.

Love Remie and Wendy Benoit

**Tribute from Anne (Quelch) Stojke and Judith (Archbold) Boerger**

Relation: friends since elementary at Fleetwood School

I remember being in Grade Five when Star moved into Lethbridge across the street from Fleetwood School. She took me home to meet her Mom, Beulah, Dad, Wally and brother Monty. She made many friends with girls in our neighborhood and we spent most of the next seven years growing up together, walking to Hamilton Jr. High and L.C.I. for our high school years. We had a lot of fun from which I've thought about over the years. Everyone we knew then had a fondness for Star. She visited us in Brooks in 1977 with her three girls. We could talk to each other as though no time had passed. Never enough time to catch up on things to share.

I am deeply sad she is gone, but can smile because she was part of my life and memories.

Judith was one of Star's friends during our growing-up years and the two of them went to Calgary at the same time to take a nursing aid course. They lived in Pincher Creek and Medicine Hat for their practicums.

Judith was incredulous when I told her of Star's passing and we shared memories which made us think how special those childhood friendships are as we get older.

Judith and I send our sincere condolences to Star's family.
