So Sorry to hear of Steve's passing we sailed together through the 90s on Provider and worked together again at Babcock after we both retired. He was a quiet and capable guy who would go out of his way to help and mentor those who needed it

So sorry to hear of the sudden passing of Steve. We go all the way back to Cornwallis and Boot Camp days. Steve always had a good chuckle on in order to keep everything going with his humour. He will be sadly missed by all fellow Ship Wrights on both coast.
All the best Steve Sully Sutherland.

Very sorry for the loss of Steve. We are thinking of him on the East Coast and are very saddened for his passing. Seems like yesterday we were all in boot camp together. Rest is Peace, my friend.

Tribute from James Bateman

Relation: Uncle

My Dear Nephew Steve. In 1978 we drove around Calgary in an old beat up police car. Stevie was wearing an army helmet and holding a toy rifle. He looked like the genuine "article"; military police. I would wrestle with him and he would say, "Uncle Jamie, when I grow up and you are old, I'll turn the

tables." Well, he recently said he wouldn't do that. Stevie, I wish we spent more times together. I miss you. I am so proud of everything you accomplished. Love Uncle Jamie

Tribute from Ross Young

Relation: Friend and Shipmate

You will be deeply missed Steve. It was you who helped me prepare for my 3's course when I remustered to Hull Tech and gave me a lot of confidence. We only sailed together on Provider but we had some pretty good times. Take care my friend. It was a privilege to know you. Ross

Tribute from Andy Batchilder

Relation: Fellow Shipwright

My sincere condolences . "Batman" and I met in Cornwallis, our names were at the first of the alphabet and because of this our bunks were across from each other. The fact that I couldn't shine boots and his ironing skills where less than developed resulted in a mutually beneficial arrangement, I ironed and he shined. I still think he got the better deal. Another time he saved my butt after I had forgotten my rifle unattended on my bunk only to be discovered and confiscated by the platoons sargeant. Nice guy that he was gave the rifle back to me completely disassembled and in the spirit of fairness told me he wouldn't charge me provided I reassembled it in less than 30 min. Steve waited until he was gone and gave me a silly grin and told me not to worry. He took the box of nuts, bolts, screws and parts and within 15 min had thing back together for me. When I reported to the sargeant he was so pissed off he cursed and swore in bewilderment and kicked me out of his office. Friggin Steve saved my ass and be rest assured not the last time. I will miss you old friend. Have a Joe Louis and a pepsi on me, fair wind and following seas.
