

REMEMBERING Viraj Shahi

May 26, 2007 - May 14, 2015

Dear Friends

On May 14th 2015, Viraj Singh Shahi, left us to become bigger than life. From the moment he arrived into the world on May 26, 2007, he was destined to dance through life and teach everyone what it really meant to live. Viraj achieved more in his short time with us, than anyone of us could only ever imagine to in our entire lifetime.

Even though his life's journey consisted of many mountains to climb he never let that slow him down and he soared like Super Grover 2.0, while showing us his inner ninja. He had everyone dancing to his beat including doctors, nurses, family and friends. From "Dhol Punjabi Da" to "Uptown Funk" and everywhere in between, Viraj had everyone laughing with their hands in the air forgetting their worries. He made dancers out of all of us by showing us that dancing with your feet is one thing, but dancing with your heart is another. Viraj was always a gracious host ensuring that good food, music and entertainment was abundant for all, be it at home or in ICU at BC Children's Hospital or Children's Hospital of Philadelphia.

No matter where Viraj went he took his strength, aura and energy with him. Everyone knew VIRAJ HAD ARRIVED!

Viraj what you taught us about life and how to live is something we promise we will carry with us forever. We will never let your legacy be forgotten and ensure the world continues to have your impact felt.

We love you and thank you Viraj,
