

**REMEMBERING**  
**Willy Datene (Will)**

March 5, 1948 - November 5, 2018

Willy (Will) Datené

March 5, 1948 to November 5, 2018

On November 5, my beloved husband Will passed away suddenly. He was predeceased by his mother, Maria, and his father Leo. Will is survived by his wife, Tricia; his brother, Ludwig, (wife Meta and son, Aidan); nieces by marriage; and many friends who loved him.

Will was a wonderful photographer who loved the outdoors and creating his art, both with the camera and also with his computer. His website shows his talents.

He will be buried privately and there will be a memorial service after the New Year so that we can remember him together. The service will be posted on his Facebook page <https://www.facebook.com/will.datene>
